"They are more than attorneys and advocates for our children "

I cannot write a recommendation high enough for the Law Offices of Hirji & Chau. They are more than attorneys and advocates for our children. They really understand what our lives as parents of special needs kids are like.

Every single employee at the Law Offices of Hirji & Chau is an angel; always displaying professionalism, working above and beyond for our families, and always with kindness. Retaining the Law Offices of Hirji & Chau services ranks as one of the best decisions my husband and I have ever made.

"It was Godsend to have someone fighting for our family"

Thank you Rosa for being so amazing and successful! We are so grateful our case settled with our goals met. As most parents of special needs child, we were exhausted and hopeless. It was Godsend to have someone fighting for our family. It was such a different experience to have you help us negotiate what our daughter needed and could expect to receive, rather than trying to figure it out on our own.

"I am extremely grateful"

The expertise that Jenny has in special needs children helped us to get the appropriate school placement and compensatory services to make up for what he had been denied. Her professionalism, knowledge and confidence during all of the proceedings were a constant.

Also, it was a great help to talk to a person who understood the needs that my son has and responded very quickly to my questions or concerns. Without Jenny to guide us and fight for my son, he would never have been able to obtain the appropriate educational setting and services that he is entitled to but the district had not provided to him. I am extremely grateful.
